Tas-Silema

Peace and Comfort in Malta

Sliema is a town located on the northeast coast of Malta. It is a centre for shopping, restaurants and café life. Tas-Sliema is also a major commercial and residential area and houses several quality hotels. **Tas-Sliema, which in Maltese means 'peace, comfort'**, was once a quiet fishing village on the peninsula across Marsamxett Harbour from Valletta. Now Tas-Sliema and the coastline up to neighbouring St. Julian's constitute Malta's main coastal resort and as a result, Sliema has been developing at a very fast pace. Dr Mario Cacchia leading the hard work of his Alternative Technologies team commented **"AHT is fast becoming the natural choice for the people of Malta because it offers the most ecological and economic heating in the world"**!
